By 1940 newspapers owned 30 percent of America's radio stations. This new type of enterprise, the multimedia corporation, troubled those who feared its power to control the flow of news and information. In Sound Business, historian Michael Stamm traces how these corporations and their critics reshaped the ways Americans received the news. Stamm ...

Salt Lake City to lose its two daily print newspapers ...

In the early days of radio there was no way to record sound. Everything had to be done "live." Although the first sound recording device can be traced back to Leon Scott de Martinville, in 1855, it was some time before the concept came out of the laboratory and developed to the point of being a practical way to record and playback sound.

The Foundations of Radio, Telegraph, Morse Code

Today's problems in the newspaper industry have precedent in the 1920s and 1930s, when broadcast radio developed into a national medium that provided an alternative news and advertising platform to the daily newspaper. 7 The emergence of broadcast radio roughly coincided with the Great Depression, leading to a period of declining circulation ...
