ADHD and Relationships: Why ADD Marriages End in Divorce

Too often, couples who are unaware of the impact of ADHD in their relationship pick exactly the wrong approaches to solving their marital problems - approaches that would make sense for most couples, but not when one or both partners has ADHD. The ADHD Effect on Marriage helps couples understand why things never seem to get better, no matter how hard they try - and how to change that, not by "trying harder," but by "trying differently" so they can renew their love and joy.

The ADHD Effect on Marriage: Understand and Rebuild Your ...

If you are married to a person who has (or might have) ADHD, you might feel ignored and lonely in your relationship. Your spouse never seems to follow up on what he agrees to do—so much so that you may feel as if you really have another child in your home instead of an adult. You feel you're forced to remind him all the time to do things.

The ADHD Effect on Marriage by Melissa Orlov - ADD ...

Married with ADHD: How Real Couples Make It Work. We surveyed more than 700 partners with ADHD to find out how attention deficit impacts their marriage — from their side, not just their spouses'. We learned that while the challenges are many, respondents are deeply committed to strengthening their relationships. When we read about a "mixed marriage" — someone pairing up with someone who has been diagnosed with ADHD — we usually hear about the problems that the non-ADHD spouse ...
