Applied ethics texts are a dime a dozen, with seemingly every academic publisher offering multiple textbooks in the field. Most deal with the standard topics--euthanasia, abortion, capital punishment, animal rights, etc., etc. Typically these texts throw together a hodgepodge of articles dealing with each topic, which has the advantage of providing divergent points of view but the disadvantage ...

If there are conditions under which it is morally wrong, what measures, if any, should be taken against the practice? These are just some of the thousands of questions that applied ethicists consider. Applied ethics is often referred to as a component study of the wider sub-discipline of ethics within the discipline of
